BRAND NEW, ABC of Dementia, Bernard Coope, Felicity Richards, ABC of Dementia is a practical guide to help healthcare professionals develop knowledge, skills, confidence and an understanding of dementia, in order to support those with dementia to live well. It begins with the cognitive disabilities and underlying brain diseases that define dementia, before moving on to diagnostic assessment and early intervention for dementia. There is a focus on the experience of the person with dementia and their families, highlighting the journey from diagnosis to end of life, including the role of person-centred care, and the limited therapeutic options available.
