While in course of publication, it was received with so many evidences of favor that it has been rewritten and considerably enlarged, and is now presented to the public as the first volume of a series intended to illustrate the life and experiences of the friendless and vagrant children who are now numbered by thousands in New York and other cities. Several characters in the story are sketched from life. The necessary information has been gathered mainly from personal observation and conversations with the boys themselves. The author is indebted also to the excellent Superintendent of the Newsboys Lodging House, in Fulton Street, for some facts of which he has been able to make use. Some anachronisms may be noted. Wherever they occur, they have been admitted, as aiding in the development of the story, and will probably be considered as of little importance in an unpretending volume, which does not aspire to strict historical accuracy. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
