Bible Timeline, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Real Age of the Earth is Revealed in the Old Testament E arth s Sacred Calendar: The Dated Events of the Old Testament catalogs more than 1,200 Old Testament events in chronological order with Scripture references and commentary. This unique Biblical research uses over 100 pages of charts to show how the 364-Day calendar, consistent with the Bible, generates the currently used Gregorian solar calendar. This book is the only Old Testament chronological commentary that gives the exact number of solar years from Creation Week in 4101 BC to the Birth of Jesus in 5 BC that matches the Biblical text.Using only the dated years in the Bible, this research concludes that the real age of the earth is exactly 6,113 Gregorian solar years plus 14 days as of Sunday, November 3 in 2013 AD.Easily follow the events of the Old Testament with the only book that gives exact and estimated dates for Israel s Patriarchs, Noah s Flood, Joseph in Egypt, the Exodus, Joshua s conquest of Canaan, and the period of the Judges. The dated reigns of Israel s Kings and their Prophets are now accurately in sync with the Biblical text.The destruction of Jerusalem by Nebuchadnezzar in 526 BC and the 70 completed years of the Babylonian Exile, ending in 455 BC, are tied to the specific start date of Daniel s 70-Weeks Prophecy. Daniel s 483-years plus 285 days ends with the Crucifixion of Jesus on Nisan 14-Passover in 30 AD. This date in 30 AD is Friday April 5 on the Gregorian calendar.This 626-page picture-illustrated commentary clarifies many Biblical texts that have previously been confusing. If you have ever wanted to...
