

Fontainebleau Climbs: The Finest Bouldering and Circuits (2nd Revised edition)

By Jo Montchausse, Francoise Montchausse, Jacky Godoffe

Baton Wicks Publications. Paperback. Book Condition: new. BRAND NEW, Fontainebleau Climbs: The Finest Bouldering and Circuits (2nd Revised edition), Jo Montchausse, Francoise Montchausse, Jacky Godoffe, The forest of Fontainebleau is one of the major bouldering areas in the world. Thousands of sandstone boulders lie scattered over an area of 1,200 square kilometres of pine, beech and oak forest. The climbing style is addictive, a subtle mixture of body positioning, footwork and power that is as demanding mentally as it is physically. There are problems at every grade imaginable, from the easiest of circuits to world-class testpieces. Many of these problems are grouped into the circuits for which Font is famous. Marked with coloured dots and arrows, they offer the climber a unique way in which to explore each climbing area. This guidebook, written by local climbers Jo and Francoise Montchausse and Jacky Godoffe, is the perfect way to discover and enjoy these circuits. With descriptions of the areas and the circuits and grades found in each, this easy-to-use guide is full of useful and practical advice, tips on where to go after rain or in hot weather, on accommodation and on child-friendly areas. Easy to read, full-colour maps show the...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
