

Mercury Sable

By Frederic P. Miller

Alphascript Publishing Jan 2010, 2010. Taschenbuch. Book Condition: Neu. 220x150x7 mm. Neuware - The Mercury Sable is a mid-size (model years 1986-2005) or full-size (2008-2009) luxury sedan car model created by the Ford Motor Company and sold under the Mercury brand. It served as a rebadged variant of the Ford Taurus, with a few cosmetic changes. The Sable was a milestone design for both Mercury and the entire American automotive industry, as well as a very influential vehicle in the marketplace, with Mercury assembling 2,112,374 cars during its first 20 years of production through 2005. The Sable's design was so futuristic, that it was called by the press 'The car that came from the moon'. An important feature of the Sable's design was its front 'lightbar', a low-wattage lamp between the front headlamps. This later became mainstream for Mercury's line-up, and was copied by many automakers in the early nineties. The Sable was refreshed in 1992 and received its first complete redesign in 1996. The 1996 model remained the basis for the vehicle up through the 2005 model year. 120 pp. English.
