Reviews

Comprehensive guideline for ebook fans. I have read and i am certain that i am going to going to go through yet again yet again down the road. You wont truly feel monotony at whenever you want of your own time (that's what catalogs are for concerning when you check with me).
(Keegan Abernathy)

NATIONAL SCIENCE FOUNDATION: ALLEGATIONS OF WASTE WITHIN THE U.S. ANTARCTIC PROGRAM: RCED-88-223BR

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO examined allegations regarding the National Science Foundations (NSF) U. S. Antarctic Program, specifically alleged: (1) improper disposal of usable equipment and property; (2) illegal equipment use by a foreign country; and (3) inappropriate equipment purchases within the program. GAO found that: (1) neither the individual making the allegations nor NSF officials denying them could provide documentation to support their positions; (2) a 1983 NSF internal report and a 1987 Navy report identified internal control weaknesses, such as inadequate inventory control, an outdated operating manual, inadequate storage facilities, illegal disposal of equipment, and unaccounted-for capitalized property, that could make the program susceptible to the alleged wasteful practices; (3) NSF took actions to correct the identified problems, but did not plan to conduct further reviews, citing its need to review other NSF programs and its limited staff; and (4) NSF based its contractor award fee on its annual evaluation of the contractors performance. This item ships from La Vergne, TN. Paperback.
