Volume II contains resolutions, remarks, statements and working papers on nuclear disarmament, non-proliferation, nuclear tests, prevention of war, etc. The book also offers a comprehensive Introduction that analyses various disarmament issues with special reference to NWS and their role in bringing about nuclear disarmament as well as India's stance on Non-proliferation Treaty (NPT), efforts to create a nuclear weapon free world, threat of nuclear terrorism and other disarmament issues. It will be useful to the students and teachers of defence and strategic studies, international relations, political science and scholars in these fields. It will also benefit policymakers, parliamentarians, government officials, etc. To...
